THE GOLD DEMOCRATS

But Few Delegates Have Yet Reached Indianapolls.

THE LEADERS ARE CONFIDENT.

They Claim That Forty-Two States and Territories Will Be Represented in the Convention-The Head of Jefferson Will Be Adopted as Their Emblem - Forecast of the Piatform.

Indianapolis, Ang. 31.—On Wednesday the gold Democrats are to assemble here to repudiate the action of the Democracy at Chicago and lannch a new party in the troubled sea of politics, but as yet Indianapolis displays but few of Jimmy Ryan of Cincinnati Knocked Out the outward manifestations of an approaching national convention. The hotel corridors, which usually swarm with politicians and guests on the evo of a national convention, are barren and deserted. A fow of the managers are on the ground and the advance guard of the newspaper men is already the Kansas line, at a point 20 miles here, but the delegates have not yet begun to put in an appearance. In the nature of things, however, this would be the case, as there is no division as to the purpose of the convention and no considerable wrangling the Cincinnati scramble after the nominations.

The managers express themselves as more than satisfied with the enthusiasm which they say has been developed in the country and they expect delegations

in the tacit approval of the administration the feeling that a ticket should be placed in the field for the gold Democrats to rally around grew stronger, and it is accepted as a foregono conclusion the standard bearers will be named. This is regarded as of much higher importance in the south and middle west than in the east, where those in control believe there is no danger of Bryan's success.

The coming convention has no paralcrats who, in 1872, refused to follow the Democrats into the Liberal Republican movement which nominated Greeley. It differs, however, from that in that the issue is a critical one, and one upon which both sides bolieve the future welfare of the country depends.

The managers, therefore, purpose to lay the foundation hero for the reorganization of the party in the future. They have practically decided upon the adoption as their emblem for the ballots the head of Jefferson and they expect to frame a platform which, besides repudiating the Chicago platform and nominees will clearly enunciate and reiterate Democratic doctrines as set forth in former platforms. The prevailing sentiment favors a particularly strong plank in favor of a tariff for revenue

As to the candidates it is possible that quite a contest will be developed. Quite a number of states have instructed, Wisconsin for Bragg, Nebraska and Michigan for Vilas, Missouri for Broadhead and others for favorito sons, but tho gossip here so far seems largely confined to Senator Vilas and Henry Watterson. The latter from his far off sojourn in Switzerland has cabled his willingness to accept and make the fight if named. He was one of the first of the Democrats of national prominence who advised the rejection of the Chicago platform and the nomination of an independent ticket. From Geneva, three days after the convontion, he sent a cable to this effect. Ex-Mayor John P. Hopkins of Chicago is out strongly for Watterson and it is believed that the Kentucky delegation will be here in force for the "star-eyed goddess."

Senor Vilas, somehow, is regarded as the administration's candidate and it is sald that General Bragg, for whom the Wisconsin delegation is instructed, would willingly step out of the way. What warrant there is for the assertion that Vilas is the administration's candidate does not appear here. He has announced his intention of retiring from the senate at the end of his present term and could, it is said, afford to make the sacrifice from a personal standpoint. It is conceded on all hands that if Mr. Cloveland would accept the nomination it would be tendered him unanimonsly. Mr. Bynum said yesterday that he would unquestionably be the strongest man, that his popularity even among the silver Democrats was very great, but that Mr. Cloveland had given no word,

Although it is generally understood that the prosident is in full sympathy with the convention and its purpose nothing has yet been received from him. The arrival of Secretary Morton, who will probably be the only member of his official family here, and of Comptroller Eckels is therefore looked forward to anxiously. It is not regarded as improbable that some sort of utterance will come from the president before the convention meets

should vilas or almost any one except Watterson be nominated for president that Simon Boliver RIOTING IS RENEWED dent it is thought that Simon Boliver Buckner of Kentucky will be nominated for vice president on the theory that his nomination would greatly strength-

en the gold Democrats in Kentucky.

Ex-Governor Flower of New York
has telegraphed his acceptance of the post of temporary chairman, and it is practically decided that Sonator Cuffery of Louisiana will be permanent chair-

man of the convention.

The decorations of Tomlinson hall, where the convention will sit, are about completed. In order to give the public an opportunity to listen to the oratory a massmeeting will be held on Wednesday night, which will be addressed by Colonei John R. Fellows and other prominent orators.

SIX-ROUND PRIZE FIGHT.

by Padily Purtell of Kansas City.

Kansas City, Ang. 31.—Jimmy Ryan of Cincinnati, after conceding eight pounds in weight to Paddy Purtell of Kansas City, was knocked out by Purtell in the sixth round yesterday afternoon. The battle occurred just across southwest of this city. The men had signed to fight to a finish at welter weights. Ryan weighed in at 145 but boy conceded the weight. Both men were fit as they entered the ring.

Purtell was on the offensive from the beginning, but was unable to do much with Ryan, who used his clever left and surrendered in the fleld. The Chicago ticket and platform they regarded as Democratic heresy and their primary object was to accomplish the defeat of Bryan and Sewall. Their purpose was ty keep alive what they regarded as the embers of the true Democracy and permit such as believed as they did to warm themselves at its fires during the integrum. The triumph of their old time political adversaries with good effect. For four rounds the mit such as believed as they did to warm themselves at its fires during the integrum. The triumph of their old time political adversaries would be their triumph inasmuch as it would give them in the event of Bryan's defeat an opportunity to reorganize the party on what they regard as its true lines.

As the movement grew, however, and obtained what was considered, at least, in the tacit approval of the administrawas counted out.

Aside from Purtell's puffed eye, neither man shows the marks of his pun-

Race War in Progress.

MONTGOMERY, Ala., Aug. 31.-Roports from Camp Hill, Ala., indicate that a miniature race war is in progress there. Some officers arrosted several negroos and started with them to jail when a large body of negro sympathizers attacked them. Neighboring whites camo to the rescue of the officers and a spirited fight ensued in which guns, fence rails, rocks and sticks were freely nsed. The negroos were finally repulsed, four or five men, most of them negroes, are said to have been killed or fatally injured. Details are meager. More trouble is expected.

AMERICANS ARE SAFE.

Our War Ships Are Ready to Protect Our Interests.

WASHINGTON, Aug. 31.—The crisis in Turkish affairs is being followed closely by officials here. Minister Terrell, at Constantinople, has not transmitted further advices than those of Thursday. Officials at the state department feel that American interests are adequately protected by the presence of the cruisers San Francisco and Marblehead in the Mediterranean waters.

The San Francisco is at Alexandretta and the Marblehead at Genoa. The Minneapolis also belongs to this fleet and ean bo brought from Queenstown at short notice.

The riotous situation at Constantinople has renewed the attention of offlcials to the desirability of having the United States represented by a ship nearer Constantinople, within easy reach of the American legation.

London, Aug. 31.—A despatch to Tho Telegraph from Kioff says that Prince Lobanoff-Rostovsky, Russian minister of foreign uffairs, died suddenly while traveling from Vienna to that place. Prince Lobanoff-Rostovsky was in company of the czar at the time of his death and his demise was wholly with-

ont warning. The news of the death of Prince Lobanoff-Rostovsky, according to the dispatch to The Telegraph, caused great excitement throughout Russia, where the personality of the minister of foreign affairs was considered to be second only to the czar himself. Prince Lobanoff-Rostovsky pursued a strong foreign polof two Armenians who were brutally icy-a policy which was regarded in

Frances Joseph paid Prince Lobanoff-Rostovsky the highest honors during the recent visit of the czar to Vienna and his death at the present juncture is regarded as a most dramatic and important ovent, upsetting as it does all possibilities of conferences between tho foreign ministers of the great powers and compelling the czar to change tho plans concerning his tour through Gormany, France and England.

GERMAN RITUAL MUST' GO. Supremo Lodge Knights of Pythias Settle It by a Voic of 106 to 8.

CLEVELAND, Aug. 31.—The German ritual question was disposed of finally at Saturday's session of the supreme lodge of the Knights of Pythias. At the biennial meeting in Kansas City four years ago the uso of the German ritnal was forbidden. Since then a few lodges have continued to use it. At this session of the supreme lodge a request was proferred by three or four lodges, composed mostly of Germans, for permission to use the German ritual. Among the lodges which made the request was Schiller of Cincinnati.

At Friday's session a resolution was offered by the representative from Washington, providing that all lodges which used the German ritual previous to the time when its use was forbidden be permitted to use it again. This res-olution was referred to the German committee, which submitted a report adverse to the proposition Saturday. The report of the committee was sustained by a vote of 106 to 8. This, it is believed, will settle the question and that it will not be brought up again.

ST. PAUL DECORATED

Fully Prepared to Welcome the Old Veterans.

ADVANCE GUARD ARRIVING.

Railroads Prepared For the Great Rush and Claim They Can Handle the Crowd. The City to Be Illuminated in Honor of the Occasion-Reception and Camp Fires on the Program.

St. Pati, Aug. 31. - From every housetop in this city tloats the red, white and blue banner that extends a greeting to the veterans, who have already begun to arrive for the 30th annual encampment of the Grand Army of the Republic, while across the streets and up and down the wide avenues of the residence portion, and from top to bottom of the big office buildings, in all manner of designs, may be seen the national colors.

The railroads have prepared themselves for the expected rush and say they will be able to handle the crowds, not only in coming to the city, but also as they leave, when the biggest rush is looked for. The accommodations committee where information as to quarters ean be obtained by correspondence, is holding open rooms in the Mannheimer

The first of the important arrivals will be Commander-in-chief I. N. Walker and staff on a special train and will be given a cordial and official welcome by the local posts of the Grand Army. They will be escorted to their headquarters at the Ryan and the work of the encampment will thereafter radiate from that center.

This evening will occur the first of the receptions. There will be two of these, the most important being that to the commander-in-chief and staff at national headquarters from So'clock in the ovening until 10.
From 7 till midnight the Minnesota

Woman's relief corps will receive at the state capitol. The first illumination of the city in honor of the encampment will occur then and will then be continued every evening during the week.

With comparatively so few outsiders present in the city there is less talk of the possible results of the encampment elections, but the Minnesota veterans are in evidence with some very pronounced ideas. The Minnesota veterans are almost solidly in favor of Major T. S. Clarkson of Omaha for commander-in-chief. Major Clarkson was a prominent candidate for the office last year. The final election of commanderin-chief is considerably affected by the fight for location of the next encampment, and for that honor the only candidates yet mentioned are Buffalo and Denver. The encampment business sessions do not begin until Thursday.

Mrs. John A. Logan, without whom no encampment has seemed complete to the old veterans, is already in the city visiting her daughter, who resides here, and will witness the parades, and take part in all the encampment receptions. The campfires of the week will begin Tuesday evening, three being arranged for that night.

A Serious Revolution Has Broken Out on the Philippine Islands.

Madrid, Aug. 31.—Official telegrams received here from Captain General Blanco, governor of the Philippine islands announce that 1,000 rebels took the field against the Spanish forces for the purpose of bringing about a revolution. The insurgents were badly armed and easily defeated. Troops are now in pursuit of the fugitives.

Governor Blanco, however, estimates that the separatists number at least 4,000. He has asked the government to send reinforcements. The Spanish ministry has decided to send 2,000 troops to the Philippine islands without

Hawaiian Trade Going to New York. WASHINGTON, Aug. 31.—The divorsion of Hawaiian trade from San Francisco to New York is commented on by Consul General Ellis Mills at Honolulu, in a report to the state department. He says the exports this year are almost double those of last year, reaching \$8,-748,526 for the year, against \$4,949,916 last year. Most of this is sugar, of which \$2,457,532 has been carried around Capo Horn to New York, in-

In 1894 they were assessed at \$200, the taxes being \$1.60. Last year they were assessed at \$156, the taxes being \$1.25. Last Saturday Mr. Carpenter went to pay his tuxes and was surprised to find his lots assessed at \$350,\$450 more than he gave for them, and this too when every knows most everything is greatly depreciated. His taxes this year amount to \$3.22. Mr. Carpenter says neither the Assessor nor his deputies ever came to see him this year, and he feels that he has been outlazeously treated. The BULLETIN has since heard of another instance where the assessment of property in Orangeburg precinct was increased by the Assistant Assessor, and the owner never knew anything about it until she called to pay her taxes. The same Assistant Assessor made the assessment in both these cases. He may get into serious trouble by such work.

LET'S TREAT ALL ALIKE.

Now, just a word on one or two other declarations in that platform. We say in the platform that the United States should exercise the option vested in the Treasury by law and redeem the obligations of the Government in either gold or silver, whichever the United States may desire to use. I believe, my iriends, that a silver dollar that the Government makes a legal tender between the employers and the employes, between those who do business, is good enough to pay to a bondholder or to a noteholder who has a claim against the United States.— Extract from speech by William Jennings Bryan.

the Government out of the clutches of their cause. those who have been bleeding it, except for the Government to resume its legal rights and use its silver or its gold, whichever it pleases, whenever it has a dollar to pay. I do not want to be called extreme, but I want to state my position with such emphasis that it will not be mistaken. I believe the American people have a right to have the Treasury Department administered in behalf of all the people instead of in behalf of syndicates, foreign and domestic. [Applause.]

Instead of permitting the financiers of Wall street to call before the immense halls of the Government and tell them what they must do, I believe the time has come when the officials of the Government should call them up and tell them what they must do and make them do it. [Applause.] If this Government is not greater than the bankers of Wall street, it is not a Government at all. [Applause.] If we once concede that we must purchase from them the right to exist, how do we know how much at last they may charge us for letting us live? [Applause and laughter.]

Now, in saying that, my friends, I do not want to be understood as saying one word against those men that I would not say and do not say against any other class of people who assume to be greater than them. They play at Portsmouth to-day the Government. What I mean to say is this: That when the Creator made man for three games. This constant lalk on the finances by Mr. Bryan is what rules the Republican managers and takes with the people.

Mr. Bryan doesn't seem to be giving offense to any but millionaires and hide-bound Republicans by his splendid speeches.

The attention of Republicans is so much taken up with Mr. Bryan and his ulterances that they hardly have time for their own affairs.

CINCINNATI TOBACCO MARKET.

Increasing-Every Demand Easily Met-The New Crop.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the

week, has the following: With liberal receipts and only moderate sales the stocks in market are gradually increasing though they are not larger than common at this time of the year. Holders are ready to dispose of their goods, which is showed by liberal offerings, but the hidding has been so Irregular that lentiful rejections followed.

There is certainly the largest lot of common tobacco on the breaks at present that we have experienced in many years, and in view of this fact the low prices are perhaps not so surprising, particularly when the character of the tobacco is considered. Even a speenlative demand, which has set in, prompted by the very low figures, has uot been able to stimulate the prices on these low grades. They are so abundant that every demand is readily met.

Colory goods held their own fairly well during the week, but they are not as high as they were three weeks ago. There is much speculation as to what the new crop will offer us in the way of color. Opinions differ widely, and necessardy all is uncertainty in this respect. The entire crop will be housed within a very few weeks, and it is a big one.

It is remarked frequently that tobacco is lower n price than it has ever heeu, and we believe this is true, but tobaceo is only taking its proportionate position toward other commodities as to value. The downward tendency in all products dates hack at least some teu or fifteen years, interrupted only ouce in a while by very unusual to send delegates, and all new clubs which circumstances, such as short crops, speculative demand, &c., but any advance in price from these causes has heeu regularly followed by a larger after be organized, are invited to join the deeline, until we have finally reached the botleague and send delegates to the conven- tom (if it is the bottom). List of the Papers and Magazines Ordered. Interesting Games-Fine Reading Room.

The Executive Committee of the local Young Men's Christian Association have just ordered an excellent list of periodicals for use in the present temporary quarters of the organization in the Cox Building. This list will include the following publications:

MONTHLIES.

Harper's, Century, Scribner's Review of Reviews. Ouling, Engineering Magazine Comopolitan, McClures, St. Nleholas. The Strand

Physical Education, Missionary Review, Ladles' Home Journal. WEEKLIES

Scientific American. Harper's Weekly, Harper's Round Table, Youth's Companion, Young Men's Era. Ram's Horn.

Through the generosity of the pub lishers, the Bulletin and the Ledger have already been placed in the rooms. The association is also indebted to Mr. Wm. H. Lynch for the Cincinnati Commercial Tribune, and to Mr. John Taylor for the Louisville Courier-Journal.

The committee have also subscribed for the New York Hernld, and to this list of five dailies, others will be added later on. The committee will be glad to order any standard publication, not included in the above list, for which there is sufficient demand made by the young men.

The local churches and young people's societies will be asked to donate their own denominational papers, which will insure a complete and impartial list of religious publications.

Later on a complete outfit of first-class newspaper files and racks and magazine binders will be secured; and it is safe to say that our local association will have one of the best reading rooms established in this section of the State.

Two fine crokinole boards have been purchased, which together with archarena, chess and checkers, will afford ample amusement for the members and other visitors.

Commencing with Wednesday next, the association room will be open daily, and the young men of the city are cordially invited to visit and make use of the association privileges. Friends of the work are also invited to call.

POLITICAL POINTERS.

A McKinleyite Who Finds Too Much Silver Sentiment Too Suit Him-The Outlaok in Kentucky.

[Cincinnati Enquirer August 27.]

Mr. W. E. Tingle, of Zanesville, Ohio, who travels for a big Louisville tobacco house, is at the Gibson. He is against Bryan.

"But," said he, "there is too much silver talk in Ohio and Indiana to suit me. It makes my blood tingle with uneasiness. I hear it everywhere I go. One of my Republican customers at Ft. Wayne, told me that he was in St. Joseph County, Indiana, recently, and the whole blessed thing was going for free silver. There is too much silver about Zanesville to please me. I don't like it."

Judge Mitchell C. Alford, of Lexington, Ky., thinks the third ticket will be Palmer, of Illinois, and Buckner, of Kentucky. He says that at least 10,000 Democrats who have not voted for some years will turn out for Pryan. The State only a few years ago had a normal Democratic majority of over 40,000, and Tilden carried it by 60,000. A multitude of Democrats who would not go with the Populists and were mad at the party management in the State will come back with a whoop Hais ime for Bryan and free silver."

THAT DEBATE AT CYNTHIANA.

Col. W. Lukne Thomas Scored a Signal Tri umph Over Judge Pugh at the Opening of the Campaign.

A week ago to-day Col. W. LaRne Thomas, Democratic nominee for Congress, opened the campaign at Cynthiana. By special invitation, Judge Pugh, his Republican opponent, was present, and was accorded a division of time. Here is what the Cynthiana Democrat says of the debate: "The debate was the formal opening of the campuign in the Ninth district. That it was a signal triumph for Col. Thomas, no one can deny. He toyed with Judge Pugh throughout the afternoon, but whenever neccessary delivered a sledge-hammer blow that straightened the Judge flat on the floor. No speaker for years has created so favorable a first impression in Harrison County as did Col. Thomas, and the majority that he will receive in November will be simply immense.

"The speech was one of the most forcible and timely that our people have ever heard. Col. Thomas presented his arguments in a bold and commanding style that carried the nudience as if by storm, and his round shot left terrible rents in the strongholds of the enemy. With eloquent flow of language, quick and ready repartee, he passed rapidly from point to point and made every point a winning one.

"A rather thrilling scene was enacted when Judge Pugh caught Coi. Thomas around the waist and both stood on the a daughter of Judge Bayless, of West platform, for a moment, locked in eachother's arms. Judge Pagh wished to put the question fairly and squarely whether Col. Thomas, if elected, would vote for free coinage at a ratio of 16 to 1.

"Col. Thomas stepped to the front of the platform and in a most dramatic style declared that he would. The crowd arose as a man and cheered to the echo.

"'One question more,' said Judge Pugh. with his arm still around Thomas; 'will you vote for and stand by every other proposition in the Chicago platform?"

"'When I accepted the nomination," declared Col. Thomas, 'I pledged myself to the support of the Democratic party. And now I will say with all the emphasis that I can command that I accept the platform. I will defend it with all the power that is in me, and when the prowhen brought to trial in the Circuit Court | ple send me to Cougress on the third day energies, all my powers and all my endeavors to put that platform on the statute book!'

> "Bedlam broke loose. The crowd yelled and cheered and stamped its feet; hats were thrown into the air and the mass of men swayed and screamed until stopped from sheer exhaustion.

"Mr. Pugh presented rather a sorry spectacle in the debate. He is getting rather theatrical in his old days, however, and his folding Col. Thomas in his arms at various and sundry stages of the debate proved quite touching. Not nearly so touching as Col. Thomas' rejoinder. The Colonel touched every sore spot on Mr. Pugh's epidermis.

"Mr. Pugh was certainly right when he said he would pull Mr. Thomas' coat tails in November. The fact is Mr. Pugh will have an opportunity to view the entire race from the rear.

"Congressman Pugh, if he will allow the suggestion, should write out a little speech of some kind and stick strictly to the text. He is not made for a joint debate, and Lakue Thomas seems to have no mercy."

VICTORIA LEROY'S AWFUL DEATH.

The Aeronant Falls 2,000 Feet and is Instantly Killed, at St. Louis, Friday.

Victoria Leroy, the aeronaut who gave a balloon ascension and paraclitte drop here last 4th of July, met with an awful

death at St. Louis Friday afternoon. In some way the parachute became detached from the balloon when less than 100 feet from the ground, leaving her

suspended from the bar. Before she could release herself, the balloon was at such a heighth that death

was inevitable. She clung to the bar as long as her strength held out.

The air-ship had reached a heighth of 2,000 feet when her hold was finally released, and she fell with frightful rapidity, striking fifty yards from the point of ascent.

Her real name was Hibbard. Her husband was present and witnessed the awini scene.
